

nav INFO Magazine

The well-established nav INFO Magazine will continue to be available to you, but it will be reduced to two issues per year. The issues are scheduled for spring and autumn. First edition will be sent to you by mail in the week of May 4, 2020. Stay tuned!

The nav INFO Magazine is intended to serve you like a reference book, the topics and contents can be still consulted years later.

navNEWS: Breaking news in short form

Esteemed member - Enclosed is the first **navNEWS** issue of 2020. If it wasn't for the coronavirus - Covid-19 -, which holds the world firmly in its grip, like an octopus with its tentacles, marking omnipresence, we would have nothing but good news to report in this first edition **navNEWS**.

But despite all the worries and fears, let us not miss the opportunity to present to you with pleasure our first issue of our new **navNEWS** communication strategy, because there is definitely positive information to share.

Since the extraordinary general meeting on August 6, 2019, a lot has happened in our association. Old patterns have been analyzed, modified, adapted to today's needs and made fit for the future. The idea of designing a newsletter was discussed in the board of the association, in order to shorten the communication channels to our members and to keep them as up-to-date as possible.

For the association it is enormously important to inform you, dear member, promptly about current events. The board of the association has decided to send out a short **navNEWS** report on the LATEST INFORMATION in the future.

Furthermore, we have recently launched a completely new Internet presence! Yes, exactly, the pages were completely newly designed. A big "thank you" goes to our intern - Yekcan Bostan - he made this happen – a new look and feel! Check it out and give us your feedback. We look forward to your opinions, thoughts and suggestions.
