Quote Henry Ford:

"Coming together is the beginning, staying together is progress, working together is success".

navNEWS: with the latest topics in short form

With the festive season around the corner, navNEWS reaches you just in time at the end of the year. Therefore, we would like to take this opportunity to thank you for your loyalty to the association as well as for your trust in the board.

Esteemed member,

2020 was without doubt an extraordinary year, which presented all of us with completely new challenges and it is certain that the issue of Covid-19 will accompany us into the coming year as well. All the more we wish you and your loved ones first and foremost one thing for the turn of the year - stay in the best of health!

Thanks to your support, the newly elected Executive Board will master the association years 2021-2022 and the future challenges with confidence and fresh momentum.

General Assembly 2020

We would like to take a brief look back at the 22nd General Assembly on 4 November 2020, which this time took place virtually.

The voting forms with the voting cards and the agenda items had to be submitted to the nav office by 10 November 2020. The evaluations were consequently checked and confirmed by the independent auditors Peter Kopp and Jürg Keusch. We would like to thank both for their support - without the help of dedicated volunteers an association cannot exist.

The turnout was rather modest. 1406 voting documents were sent out, but only 41 valid voting cards were received at the office. The newly elected board will certainly have to think about the cause of the low turnout.

However, the election results of the 41 voters speak for themselves. All agenda items were approved. For detailed information on the individual votes, please refer to the [auditors' minutes](#).

The [Executive Board](#) thanks the members who dialed in via webcast and actively participated in the voting.

Kind regards,

Your NAV Board

Opening hours of the nav office

Due to the exceptional situation, visits by appointment only.
