● **Never give up.
Miracles do exist**

Hello, my name is Maria and I'm a new candidate for the Novartis Pension Fund Board of Trustees. For those who don't know me yet: during my time at Novartis, I had the opportunity to continuously take on tasks with ever greater levels of responsibility and to actively participate in various internal Novartis associations and committees. I would welcome the opportunity to share the skills and knowledge I gained over the years where I sat on other Boards of Trustees, and to actively participate on your Board of Trustees in the best interests of the "Novartis family".

Maria Pirillo

Senior BPA Manager Switzerland | Operations | Finance

As a member of the Board of Trustees of the Pension Fund, my aim would be to contribute to the long-term success of the Pension Fund and to ensure that this benefits the entire "Novartis family", i.e. current and future beneficiaries.

Please exercise your right to vote and vote for the candidates on the NAV list. We
